

# Damla Önder

do2083@nyu.edu | 304-282-2555 | [www.linkedin.com/in/damlaonder](https://www.linkedin.com/in/damlaonder)

## EDUCATION

**NEW YORK UNIVERSITY, Computer Science, 3.65 GPA**

**New York, NY**

**Organizations:** NYU Women in Tech Cohort 2023-2024 | Tech Treks Cohort Fall 2023

**Relevant Courses:** Python; Java; Data Structures; Discrete Math; Data Management and Analysis; Computer Systems Organization; Basic Algorithms

**Interests:** web dev | data management | books/education

**Github & Portfolio:** <https://github.com/damlaonder> | <https://damlaonder.github.io/portfolio/>

**Skills:** Python | Java | HTML/CSS | Jupyter Notebooks | Figma | Microsoft Office | Google Suite

## CODING PROJECTS

**GoodReads Dupe** (HTML/CSS, Figma)

- Designed mock landing pages of a homepage and the different shelves of books I have logged

**Skate Club** (HTML/CSS, Javascript, Figma)

- Design and created website to share skating community within NYC highlighting the club, how to join, and the beautiful moments shared between members

**The Numbers Behind the Pages** (Python, Jupyter Notebook)

- Implemented matplotlib, dictionaries, and csv files to create my own data visualizations based on the books I've read between 2022 and 2023

## INTERNSHIP

**Start Lighthouse**, New York, NY

Oct 2023 - present

*Intern*

- Contributed to various projects with the goal of increasing the accessibility of books for children, gaining insights into the behind-the-scenes efforts of running a successful non-profit organization
- Engaging in comprehensive learning experiences regarding non-profit operations, including project management, fundraising, and community engagement

## LEADERSHIP/RESEARCH

**Rock Climbing Club**, NYU Buenos Aires

Aug 2022 - Dec 2022

*President*

- Founded and developed the first rock climbing club for 50 students at NYUBA
- Executed strategic plans to facilitate engaging climbing events for groups of <20 students weekly
- Established inclusivity by creating a safe environment for beginner rock climbers to be challenged

**Dean's Circle Honors Program**, NYU Liberal Studies

Aug 2021 - May 2022

*Undergraduate Researcher*

- Led 2 discussion session on corresponding journal articles for 24 university students to examine politics, physical/ideological borders, & cultural values to understand what fosters immobility
- Investigated how anthropogenic climate changes forces mobility/immobility in rural areas to urban areas of Turkey through case studies and peer-reviewed journal articles - focused on Turkey's agricultural economy, droughts, over-agglomeration in the cities and the labor market

## ADDITIONAL INFO

**Programs:** Project Outreach 2020; Liberal Studies 2020-2022; Dean's Circle Honors Program; NYU Buenos Aires Fall 2022

**Languages:** english (native) | turkish (intermediate) | spanish (intermediate)
